

Values, Ideas, and Stories from Youth On Stage!

VISYON (Values, Ideas, and Stories from Youth ON stage) is a European Youth Together project that unites NGOs and young people from all over Europe: Greece, Bulgaria, Italy, Slovakia, Netherlands, Spain & Malta.

What it is about?

VISYON aims to give young Europeans the necessary tools and a forum to talk about their needs and desires, voice their concerns and challenges, and share their stories, so as to encourage a vivid discussion about the efficacy of current European policies in serving the needs of the European youth and ways for their improvement. The main scope of VISYON is to foster youth participation in democratic life, support social & civic engagement and ensure that all young people are provided with the necessary resources to have an active role in society.

What do we want to achieve?

During the project, we aim to create:

- **The European Youth Diary** - a compilation of stories, views, and recommendations of 264 young European citizens reflecting the current state of European policies' efficiency to achieve the defined European Youth Goals;
- **Series of short movies about 11 European Youth Goals;**

How do we plan to achieve it?

During the project, young people will have the chance to take part in:

- **Local workshops** on the 11 European Youth Goals, Digital Storytelling methods, and principles of Media Literacy;
- **Creation of European Youth Diary** by Conducting interviews and collecting young people's personal stories and opinions about the general awareness of EU youth-oriented programs and advice on how to improve them both locally & globally;
- **Scriptwriting session** for the short movies;
- **International Youth Mobility** in Athens, Greece;
- **Short movie shooting** process with a professional movie agency!
