Spring Film Shoots

Wrapping Up an Incredible Journey with VISYON!

Earlier this year, our partners across Europe captured their unique stories on film. In Bulgaria, the team filmed their short movie focusing on European Youth Goal #1 - Connecting EU with Youth, shot in Sofia during the last weeks of April. The Bulgarian group, in collaboration with Tanino Films, beautifully depicted a young boy's journey of empowerment and community impact.

In Italy, the vibrant city of Rome witnesses two engaging short films. The first, focusing on European Youth Goal #3 - Inclusive Societies, was shot in late March. This heartwarming story follows a young girl on her first Erasmus experience, who overcomes her initial fears and loneliness with the help of new friends, highlighting the importance of inclusion and diversity.

The second Italian film, centered on European Youth Goal #4 - Information and Constructive Dialogue, was filmed in April. It tells the story of a young boy navigating the complex landscape of information and fake news, learning the crucial skill of discerning reliable sources. Both Italian films were produced with the professional expertise of Tanino Films, ensuring each story was brought to life with creativity and precision.

June was a whirlwind of creativity and excitement for VISYON as we wrapped up the final shoots of our short films,

bringing this amazing project to its thrilling climax!

First up, Spain lit up with energy in the first week of June as a dynamic group of young people came together to shoot their film focused on European Youth Goal #11 - Youth Organizations. The enthusiasm was contagious as they showcased the vital role of youth organizations in empowering communities and driving change. It was an inspiring sight, filled with passion and dedication!

Next, Malta took the stage the following week, capturing the essence of European Youth Goal #7 - Quality Employment for All. The Maltese youth brought their unique flair and insightful perspectives, highlighting the importance of fair and accessible employment opportunities. Their creativity and spirit truly shone through, making the shoot an unforgettable experience!

With these two incredible shoots, we've now completed the series of film productions by all our partner countries. Italy, Romania, Slovakia, Greece, the Netherlands, and Bulgaria had already finished their shoots earlier this year, each adding their own special touch to the project.

Now, the excitement continues as Tanino Films works their magic in the editing room. We can't wait to see the final masterpieces and share them with you! Keep your eyes peeled and stay tuned for the big premiere later this year. Follow our journey, and don't forget to #ShareTheVISYON as we prepare to unveil these powerful stories on screen. Join us in celebrating the voices of youth across Europe— together, we're making a difference!
